

# TROY SCHOOL

## INTEGRATED ARTS

Dear Parents/Guardians and Students,

Like the rest of you, we are itching to get back to school. Unfortunately, these are unprecedented times, and we all have to be patient. Rest assured, your administrators and teachers have been hard at work, thinking about you and how to best meet your needs during this difficult and unpredictable time. This Integrated Arts packet details most of the activities that the Integrated Arts teachers have been hard at work on.

### Online Resources

Although we will print while we can, a majority of the upcoming work will be available on our shared website, <https://integratedspecials.weebly.com>. Our website can be found on the main Troy Intermediate School website's side menu as well.

From our website, you can access each of the Integrated Arts classes. We will be updating them with your review activities and any other information we think you might need. We will also be reaching out through Class Dojo, so make sure to check there as well.

### Zoom Office Hours

Each of your teachers will be available by Zoom meetings every week, starting Monday, April 6<sup>th</sup>. We will be holding these 'office hours' in an effort to reach out to you, work with you on the review activities we planned, and to support you as we move forward together.

Hi TIS Friends! Below are some fun music related adventures that you can do on your own or with your family to help keep your creative brains working! They are based on the four main parts of music – listening, creating, performing and responding. As you complete each one, you can send me an email about how it went, send me some pictures or even send me a video through email or Dojo! I miss you all so much and hope you have fun with these different adventures!

**Week 1: April 6-10, 2020**

<p><b>Family Music Interview:</b> Pick a grown up (parent, grandparent, aunt, uncle, family friend) and interview them using the interview sheet attached. Send me a copy of the interview (picture works too) <a href="#">Interview Paper</a></p>	<p><b>Cup Routine:</b> Create and perform your own cup routine to a fun piece of music. The link below is a tutorial of how to do a cup routine. You can do this or modify it and make it your own! Send me a video or a picture of your routine.  <a href="https://www.youtube.com/watch?v=ZpCuPHYPht8">https://www.youtube.com/watch?v=ZpCuPHYPht8</a></p>	<p><b>Freeze Dance:</b> Play freeze dance with your family, or virtually with your friends to some of your favorite songs. Who will win and who will be the first to move? I would love to see a family or friend picture!</p>	<p><b>Children’s Book Sounds:</b> Read a simple children’s book or fairy tale. Then come up with sound effects to match characters or scenes in the story. Create your sound using items in your house. When you have all your sound, read the book and perform the sounds! Let me know what book you picked and some of the sounds you created.</p>

**Week 2: April 13-17, 2020**

<p><b>Dance Party Play List:</b> As a family, create 5-10 songs for a dance party. Have each person suggest a song. You can also do this virtually with your friends. Once you have your play list, have your dance party and send me a picture!</p>	<p><b>Recyclable Instrument:</b> Design an instrument using things around your house. You can use cereal boxes, tin cans, plastic bottles, string, rubber bands etc. Your instrument should make sound. Snap a picture with your creation or send a video if you want!</p>	<p><b>New Lyrics – Same Song:</b> Take your favorite song, or a simple children’s song and rewrite the lyrics (words). What is the new title? Send me the new lyrics but be sure to tell me the original song.</p>	<p><b>Composers:</b> Composers are people who write music. Learn about a composer of your choice. You can search for information using <a href="#">Classics for Kids</a> or <a href="#">Making Music Fun</a>. Tell me who you picked and three cool facts you learned.</p>
